Mr. Grabill identified himself to Mr. MILLISOCK by displaying his credentials and advised Mr. MILLISOCK that the interview concerned his knowledge of the Welsh Road Site. Mr. MILLISOCK was also advised that the investigation had been authorized by the U.S. Environmental Protection Agency, Region III, Philadelphia, PA. Mr. MILLISOCK agreed to be interviewed and stated that he would review this statement and, after reviewing it for accuracy, sign the statement. He then provided the following information:

Mr. MILLISOCK has been employed as a mechanic at the garage of Twin County Disposal on Welsh Road for approximately one year. As a mechanic, he repairs trucks. The operation is run by ERNEST BARKMAN, SR. JIM BUSS also works in the shop. Mr. MILLISOCK does not do any work at the Mountaintop location. He stated that he plans to quit this job as soon as he can find another one because of ERNEST BARKMAN SR.'s bad temper.

Previously, Mr. MILLISOCK worked for BARKMAN for two years beginning in 1978 or 1979, exact date not recalled. He is sure that he left the job in 1981. He started as a picker on residential routes. Later, he drove a rear-end loader on the Cumru Township route which was all residential. He did not drive any commercial stops and did not drive roll-offs. All of the residential trash he picked up was hauled to the Western Berks Landfill. None of it was taken to the Welsh Road Site (the Site).

Mr. MILLISOCK stated that during his first period of employment, ERNEST BARKMAN, SR. ran the operation and GRACE BARKMAN worked in the office. The only other employees who worked at the Site that he can recall were JIMMY GOOD and WALTER CLEVENSTINE. He did not recall any equipment operators or mechanics who may have worked at the Site in the late 1970s or early 1980s.

Mr. MILLISOCK stated that ARTHUR SNIPES and GEORGE COTTON were employed as trash truck drivers and that they started working in 1981, just before Mr. MILLISOCK left. To his knowledge, they were not driving roll-offs at that time. BUD THOMPSON was there and drove roll-offs, but Mr. MILLISOCK had no knowledge of which routes BUD THOMPSON drove. BARRY TOWNSEND, TOMMY THOMPSON, and BILLY CARSON drove trash trucks. Mr. MILLISOCK stated that he did not know PAUL TOWNSEND. DEXTER LALLI was a picker and drove a trash truck. JERRY ZIEMER, who was very young at the time, and MIKE JACKSON, JR. worked as pickers.

Mr. MILLISOCK stated that the name JACK MCMULLAN is familiar, but he did not recall who he was or what he did. BILL DEIHM did not work there when Mr. MILLISOCK was first employed, nor did JIM BUSS, mentioned above, work there at that time.

Mr. MILLISOCK stated that he spent very little time at the Site and was not familiar with Site operations. He had never heard any of the employees talk about burying liquids or trash at the Site and had never seen modified tankers at the Site. He stated that he was not familiar with the commercial customers and had no knowledge of the pick-ups made by the roll-off drivers.

The following company names associated with the Welsh Road Site were discussed with MILLISOCK, but he had no information of value to offer. He was also asked whether any auto body shops were associated with the site, but he had no knowledge of any associated with the Site.
